JANUARY-
JUNE

2022

Welcome to the colorful themed worlds of Schleich®!

Children are full of ideas. Is the cow going on safari with the dragon? No problem! There are no limits to your imagination in the Schleich® worlds of play. At the same time, children's development is encouraged, because children learn during play without even noticing it.

Our cow looks like a cow, with all the details. This helps children learn about the animals and their habitat. They can experience the figurines with their eyes and hands, train social and emotional skills during play, and also continually invent new stories.

Our claim

The Schleich® flag:

When it comes to quality, we do not compromise. We test our products with the utmost care and the flag is our sign for the highest level of quality and safety.
